Dear Reader,

Our 25 orphans in Madurai (girls between the ages of 4 to 19) are in need of your support. When asking for donations in the past, we often heard the response: "if only I could be sure the money would go straight to the children". The idea of avoiding spending money from donations on administration costs inspired us to found our non-profit organization, the [ISA Children's Home Unterstützungsverein e.V.](#).

The members of our club carry out all of its necessary administrative work, visit South India regularly, draw up architectural plans, evaluate and survey buildings, deal with the accounting and even produce our literature, like the leaflet you are reading right now. All of this work is carried out on a voluntary basis and is unpaid. This ensures that your net donation goes straight to the children who need it—our 25 orphans in Madurai—without any deductions being made.

Whether you would like to make regular donations or a single payment, whether you contribute € 10.00 or € 100.00, your donation will mean we can continue our work. Your financial support will make all the difference to our [ISA Children's Home](#).

**Dörte and Andreas Bölts**

Over 15 years ago in 2003, our founders Dörte and Andreas Bölts set up a non-profit, non-governmental organization based in the Indian state of Tamil Nadu and in Germany. They then built classroom buildings on land that they had acquired. Today, 25 orphans from the city of Madurai live and study in that orphanage. Even today, however, the institution still lacks a range of basic requirements.

The goal of the [ISA Children's Home e.V.](#) is to provide for the upkeep of the orphanage in the long term, improve the children's standard of living in a sustainable way and to provide those children with a good education.

**Thank you very much for your support!**
